1 Summary of Performance

1.A Introduction

This Budget Performance Report for the first quarter, 2021 provides information on activities and performance of the budget, which we trust all stakeholders will find useful.

The report provides financial information and offers some insights into the contexts and experiences that have aided the achievement of goals or presented challenges to realizing desired outcomes.

Importantly, the Ministry of Economic Planning and Budget (MEPB) has been working hard to lay the foundations necessary to ensure improvements in our approach and activities. This will ensure optimal performance of the Ministry's oversight function, and the implementation of sound recommendations informed by a variety of factors including lessons learnt from our engagements and the broader external context.

The Ministry is committed to providing information to all our stakeholders in a manner that empowers decision makers, increases confidence and promotes active engagement of readers and the larger community.

This Budget Performance Report for Lagos State is prepared quarterly and issued within four (4) weeks from the end of each quarter.

This report includes the approved budget appropriation for the year 2021 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q1, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

The core economic classifications refer to:

- Personnel – Economic Sub-Account
- Overheads - Economic Account Class
- Capital - Economic Sub-Account Type
- Others - Economic Account Classes

This Budget Performance Report is produced by the Ministry of Economic Planning and Budget and published on the State websites.

1.B Revenue Performance

Lagos State Half Year Overall Revenue Performance for the Period ended 30 June 2021 was 37.7% compared to the 50% of the overall Revenue Projection for the same period under review.

The total revenue is comprised of Government Share of FAAC Allocation, which outperformed at 52.3%; Independent Revenue (taxes related), with a strong performance at 44.7%; Non-Tax Revenue with sub-optimal performance of 21.5%; and Aids and Grants with low performance at 17.4% for the period ended 30 June 2021.

Lagos State is however optimistic of ramping up its non-tax revenue before the end of the 3rd quarter by deepening its enforcement of defined regulatory guidelines.

The apparent low performance in Aids and Grants is largely due to the non-cyclical and stringent nature of development partners and donor agencies procurement process. The State is however upbeat at closing out on a significant amount of aids and grants by close of FY2021 fiscal year as it has established and constituted a Grant Coordinating Committee (GCC) significantly made up of State ExCo Members and supported same with the establishment of a Grant Programme Management Office (GPMO) to act as the operational arm of the GCC.

1.C Recurrent Expenditure Performance

Lagos State Half Year Overall Recurrent Expenditure Performance for the Period ended 30 June 2021 was 45.2%, which is slightly below the 50% Projection for the same period under review.

The positive performance above is indicative of the tight measures put in place by the Administration to reduce leakages and optimize procurements of consumables through the deepening of the procurement process and providing of all the dependencies required for the Public Procurement Agency (PPA) to effectively carry out its mandates. Equally responsible for the above gain is the sustained Staff Audit that ensures that leakages through ghost workers are completely eliminated.

1.D Capital Expenditure Performance

The Half Year Overall Capital Expenditure Performance for the Period ended 30 June 2021 closed at 38.8%, which is about 11.2% below the 50% Projection for the same period under review.

Lagos State Capital Expenditure comprises of Purchase of Fixed Assets with 28.9% performance, Construction and Provision closing at 48%, Rehabilitation and Repairs at 29.5%, Preservation of the Environment outperforming at 61% largely due to Erosion and Flooding Control; and other Capital Projects with 10.6% performance.

It is important to note as highlighted in the Recurrent Expenditure Performance Analysis, that the tight expenditure control and procurement process are responsible for the average performance noted in the execution of capital project.

Notwithstanding the foregoing, the State Government has embarked on a number of reforms and initiatives, amongst which is the THEMES Peer Review Mechanism, that was designed to monitor the implementation of Plans/Programs/Projects by MDAs with a view to identifying the limitation/impediments responsible for non/low performance.

1.E Conclusions

- **The Q2 2021 Revenue recorded a cumulative performance of 37.7%**, largely due to the underperformance of non-tax revenue.
- **Q2 Recurrent Expenditure recorded a performance of 45.2%** owing to the tight fiscal control put in place by the administration.
- **Q2 Capex recorded a performance of 38.8%** due to the strict compliance with procurement process and adherence to the principle of value for money.
- **Overall Q2 Budget performed at 41.3%, representing an 8.7% departure from the projected 50% performance for the Half Year ended 30th June 2021**
- **The Implication of the foregoing is that subsequent periods (Q3 and Q4) 2021 would need to perform at an average of 110% to close year at 100% performance.**
