To whom it may concern

This report presents the findings of the baseline exercise mapping of the number and duty stations of **Primary Health Care (PHC) workers** across Lagos State.

2. The study aims to develop a Multi-Year, Cost-Worker Recruitment and Deployment Plan to address identified staffing gaps. This initiative is essential for strengthening the health workforce and improving healthcare service delivery.
3. The primary objectives of this baseline exercise are to:
 - a) Conduct a Comprehensive Enumeration of Primary Health Care Workers in Lagos State.
 - b) Identify and Map Health Worker Duty Stations across the 20 Local Government Areas (LGAs).
 - c) Assess Health Workers' Distribution, Qualifications, and Specialization to Determine Staffing Gaps, amongst others.

4. Thank you
