1 Summary of Performance

1.A Introduction

The Lagos State Y2026 Third Quarter Budget Implementation Report presents the budget performance of the State for the period ended **30th September 2026**. In line with the State's commitment to fiscal transparency and accountability, the report is prepared quarterly and published within 30 days after the end of each quarter.

The report presents the implementation status of the Y2026 Approved Budget by comparing the approved appropriations with the actual budget performance recorded during the second quarter, as well as the cumulative performance for the period ended 30th September 2026. It provides information on revenue collections, expenditures, and budget balances across all organisational units and the core economic classifications of the Budget. This Q3 report is assessed against the Y2026 Original Budget.

The report is assessed against the **Y2026 Original Approved Budget** and presents actual performance under the following economic classifications in accordance with the National Chart of Accounts (NCOA):

- Revenue – Economic Account Type 1
- Personnel Expenditure – Economic Sub-Account Type 21
- Overheads Expenditure - Economic Account Class 2202
- Capital Expenditure - Economic Sub-Account Type 23
- Other Expenditures (covering Loans, Grants and Contributions, Subsidies, Debt Service and Transfer Payments) - Economic Account Classes 2203-2209 as applicable

The report also contains detailed disclosures on **Primary Healthcare** and **Basic Education** expenditures in Sections 4 and 5, respectively, in line with the State's commitment to promoting transparency in priority social sector spending.

This Budget Implementation Report is prepared by the **Ministry of Economic Planning and Budget** in collaboration with the **State Treasury Office** and is published on the official Lagos State Government website as part of the State's ongoing efforts to promote transparency, accountability, and evidence-based public financial management.

1.B Revenue Performance

The Y2026 Q3 overall cumulative recurrent revenue Performance for the Period ended 30th September 2026 was **N2,607,869,009,504.47** (70.5%) of the Recurrent Revenue estimate of **N3,700,509,565,766.67**. Against the cumulative Q3 revenue estimate of **₦2,775,382,174,325.00**, performance stood at approximately **94.0%.**

The cumulative revenue performance at the end of the third quarter reflects a stable level of revenue realisation during the third quarter of the fiscal year. The overall revenue performance is at par with the cumulative projected revenue for the period under review, with the State continuing to record encouraging results from key Internally Generated Revenue (IGR) sources. The improved performance of these revenue lines is attributable to sustained revenue administration reforms, enhanced compliance, strengthened enforcement by revenue-generating agencies, and ongoing efforts to minimise leakages in the revenue collection process.

The observed shortfalls within a few revenue lines are largely attributable to lower-than-projected collections during the review period. This performance reflects the differing revenue collection cycles across MDAs, reduced demand for some government services, and seasonal variations that influence the timing of revenue inflows. It is expected that collections from some of these revenue sources will immensely improve during the last quarter of the fiscal year.

The relatively low performance recorded under Aids and Grants was primarily due to the global reduction in donor support, and disbursement schedules associated with donor-funded programmes and intervention projects. Consequently, inflows under this revenue category are expected to slightly improve as project milestones are achieved and approved funding is released.

1.C Recurrent Expenditure Performance

The cumulative recurrent expenditure for the period ended 30 September 2026 stood at **₦1,172,901,508,455.01**, representing **55.7%** of the annual recurrent expenditure budget of **₦2,106,704,566,112.69**. Compared with the cumulative Q3 recurrent expenditure budget of **₦1,580,028,424,584.50**, expenditure performance stood at **74.2%**.

The Q3 cumulative performance reflects the State's continued commitment to prudent fiscal management and disciplined expenditure execution during the current fiscal year. Recurrent expenditure remained focused on meeting essential government obligations, including personnel costs, overheads, and statutory commitments, while maintaining expenditure within available fiscal resources.

The recurrent expenditure recorded during the review period reflects the State's commitment to prudent expenditure management and fiscal discipline. These expenditures are aligned with approved budget provisions, cash backing, and the operational requirements of Ministries, Departments, and Agencies (MDAs), ensuring the uninterrupted delivery of public services while avoiding unbudgeted expenditure. This approach has supported efficient resource utilization, strengthened expenditure control, and enhanced value for money in the delivery of government programmes.

As the fiscal year progresses into its final quarter, the State will continue to maintain fiscal discipline while ensuring that recurrent expenditure is adequately aligned with operational needs of Ministries, Departments and Agencies (MDAs), supports uninterrupted service delivery, and complements the accelerated implementation of capital projects in line with the approved budget and the State's development priorities.

1.D Capital Expenditure Performance

The Y2026 Q3 cumulative Capital Expenditure closed at **N1,272,765,757,744.32** representing **54.4%** of the year's capital budget of **N2,337,805,210,325.31.** This also represents **72.6%** in comparison to the cumulative estimate of **N1,753,353,907,744**. With the cumulative capital expenditure performance improving in comparison to the previous quarter and in tandem with Q3 to date budget projection implementation activities continue to advance across critical sectors with a significant number of projects currently in active execution. The current expenditure outturn therefore reflects the timing of project implementation, as more projects reach payment milestones and certified works increase in the final quarter of the fiscal year, capital expenditure is expected to accelerate, resulting in improved budget execution and further supporting the achievement of the State's strategic development priorities.

The Government remains committed to accelerating the delivery of priority infrastructure projects, strengthening revenue mobilisation, and leveraging private sector participation to complement public investment. These efforts are expected to enhance capital budget implementation, promote sustainable infrastructure development, and support the State's broader economic growth objectives during the final quarter of the fiscal year.

1.E Conclusions

The **Y2026 Budget of Shared Prosperity** of **N4,444,509,776,438.00** is strategically designed to promote continuity, resilience, and inclusive prosperity for the people of Lagos State. The Budget has prioritised sustainable infrastructure development and environmental stewardship, promotes economic diversification,

advances social inclusion and human capital development, and strengthens governance and institutional reforms. More than a spending plan, it provides a strategic framework for delivering sustainable economic growth while balancing investments in physical infrastructure and human capital development. The key highlights of the State's budget performance for the period ended **30th September 2026** are presented below:

• The total Capital Budget for Y2026 is **N2,337,805,210,325.31**, while the Recurrent Budget is **N2,106,704,566,112.69**, representing a **53:47 Capital-to-Recurrent** budget ratio.

• **Cumulative Recurrent Revenue (January - September 2026)** attained **94%** of the projected Q3 estimate, with a year-to-date performance of **70.5%** against the approved annual budget.

• **Cumulative Recurrent Expenditure (January - September 2026)** stood at **74.2%** of the projected Q3 estimate, representing a year-to-date performance of **55.7%** against the approved annual budget.

• **Cumulative Capital Expenditure (January - September 2026)** achieved **72.6%** of the projected Q3 estimate, with a year-to-date performance of **54.4%** against the approved annual budget.

• **Overall Budget Implementation Performance (January - September 2026)** stood at **73.4%** of the projected Q3 estimate, representing a year-to-date implementation rate of **55%** against the approved annual budget.
