This Lagos State Y2025 Citizens Budget (CB) incorporates as annexures specific Citizens Budgets for the Basic Education and Primary Healthcare sectors in line with the requirements of the World Bank Human Capital Opportunities for Prosperity and Equity (HOPE) Governance programme.

Budget Policy Overview

According to Chapter 5 Section 121 of the 1999 Constitution, the Lagos State Governor is required to submit an Annual Budget proposal (Appropriation Bill) for enactment into law by the House of Assembly. Once the Appropriation Bill is passed into law, it is then assented by the Governor and becomes an Appropriation Law. Therefore, the responsibility for the State Budget lies with both the Executive and Legislative branches of the Government.

The Lagos State Governor, Mr. Babajide Olusola Sanwo-Olu, presented the Y2025 Budget proposal (Appropriation Bill) christened "Budget of Sustainability" to the State House of Assembly on Thursday, November 21st, 2024, and signed the bill into law (Appropriation Law) on Thursday, January 9th, 2025.

The Y2025 Budget of Sustainability has been very carefully crafted on the premise of our State's "THEMES+ Governing policy which stems for our overarching goals as outlined in the Lagos State Development Plan (2023-2052). This budget is structured around five key pillars designed to ensure economic stability, environmental stewardship, and social equity. The Five Pillars are listed below;

- Infrastructure Sustainability
- Economic Diversification
- Social Inclusion and Human Capital Development
- Environmental Sustainability
- Governance and Institutional Strengthening/Reforms

Setting Policy Target

The Lagos State Government's Y2025 Budget, themed "Budget of Sustainability", is strategically guided by the "THEMES+" Agenda: a policy framework that has driven the Administration since its inception. This expanded version of "THEMES" underscores a stronger commitment to social inclusion, gender equality, and youth development, ensuring that no one is left behind.

The Budget serves as a critical policy instrument for achieving both near- and long-term development goals outlined in the Lagos State Development Plan (LSDP 2023–2052), while aligning with the 17 Sustainable Development Goals (SDGs). It reflects a deliberate effort to foster inclusive growth, sustainable infrastructure, and socio-economic resilience across the State.

Vision and Mission

Vision

Lagos State’s Vision is to Become Africa’s Model Megacity and Financial Hub that is Safe, Secure, Functional and Productive.

Linkages between LSDP, MTSS, PMR and Budget.

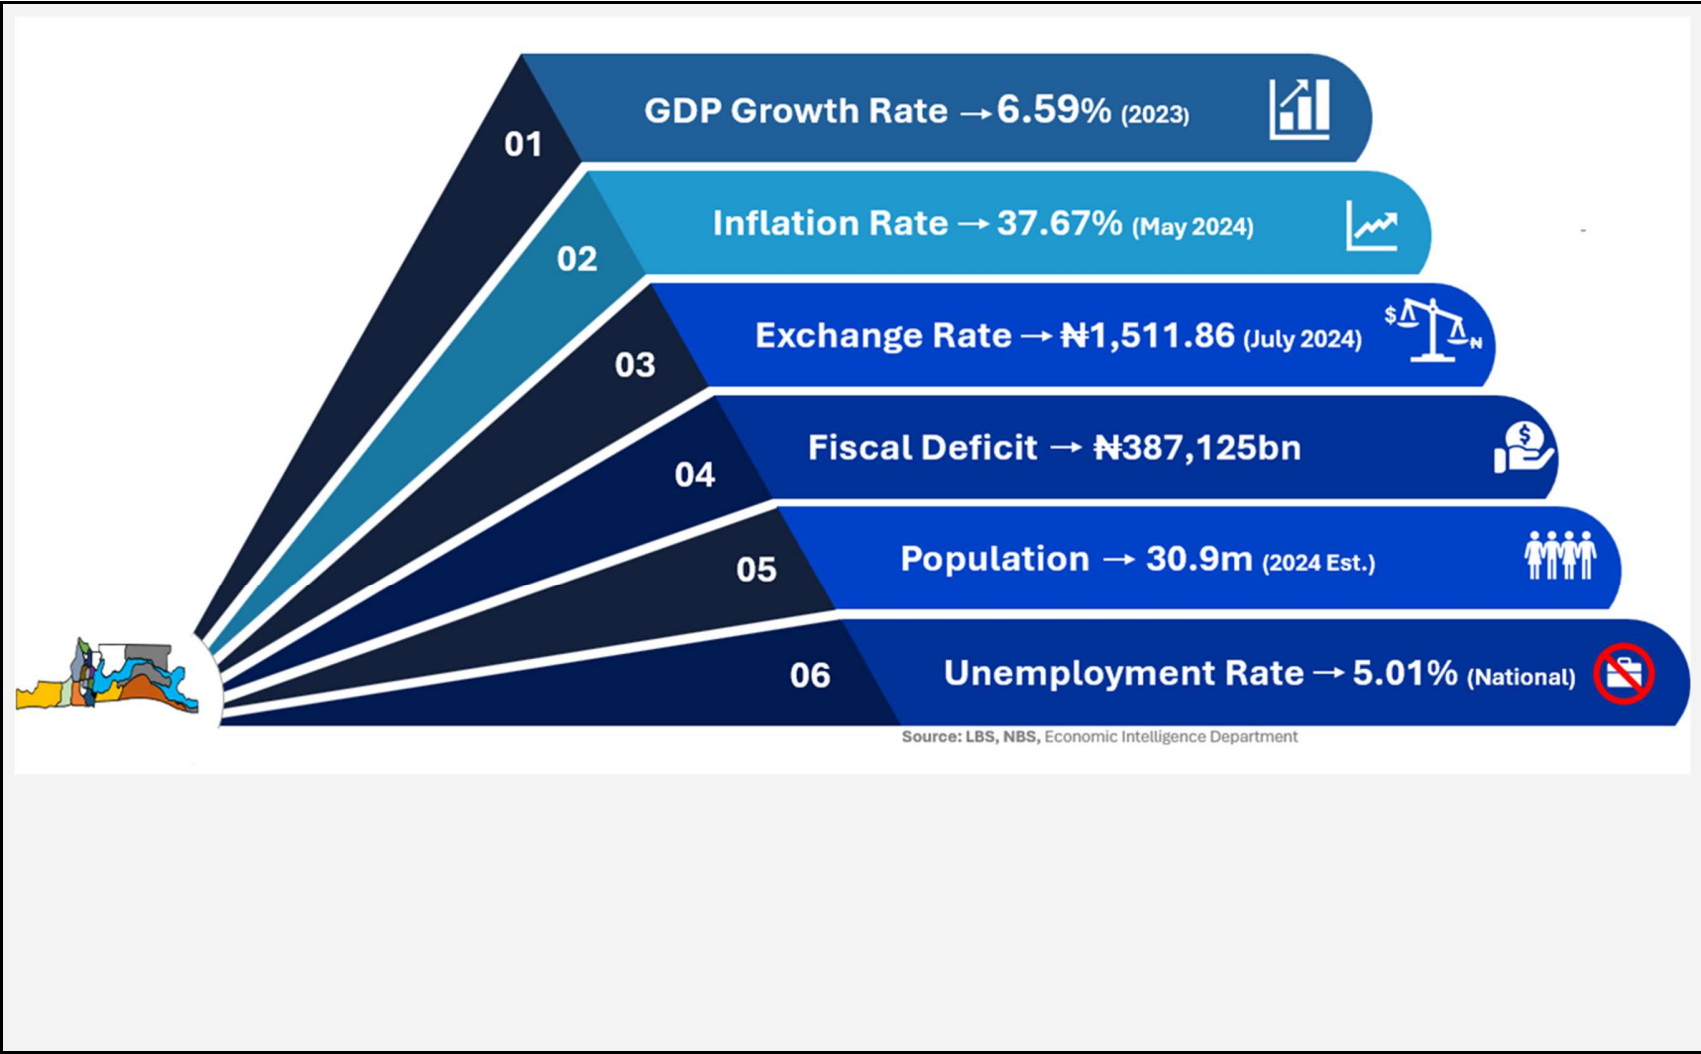

The Lagos State Development Plan (LSDP) addresses the government’s long-term policies, plans, and strategies, while the Medium-Term Sector Strategy (MTSS) focuses on short to medium-term plans derived from the LSDP, thereby forming the basis for the creation of annual budgets. The Performance Management Report (PMR) provides an update on the status of projects and programs outlined in the Medium-Term Strategic Plans through monitoring and evaluation activities that aid decision-making during Budget preparation process.

Developing the Strategy through the Medium-Term Fiscal Framework

The Y2025 Budget was prepared in line with the Fiscal Responsibility Act of 2007. The Fiscal Framework provides information on the expected revenue, spending, borrowing, and fiscal balance (deficit or surplus) for Three (3) fiscal years (2025-2027).

The Revenue (where the money comes from) and expenditure (where the money is spent) make up the Fiscal Framework which is made on the following assumptions:

Section 1 Overview of Budget Framework

General Framework

The Lagos State Government approved Y2025 Budget has a total expenditure breakdown of N3.367trn for the Fiscal Year. The Budget Deficit of N398.662bn exists and is the shortfall of total recurrent revenue plus grant compared to the total Budget. Lagos State Government will finance the deficit through Domestic borrowing of N343.591bn, Foreign Loans of N28.751bn and Opening Balance of N26.320.

For further details on where the money will come from (revenue) as well as where the money will go (expenditure) see figure 2 on budget overview
